

30. Swim Ladder and bathing platform

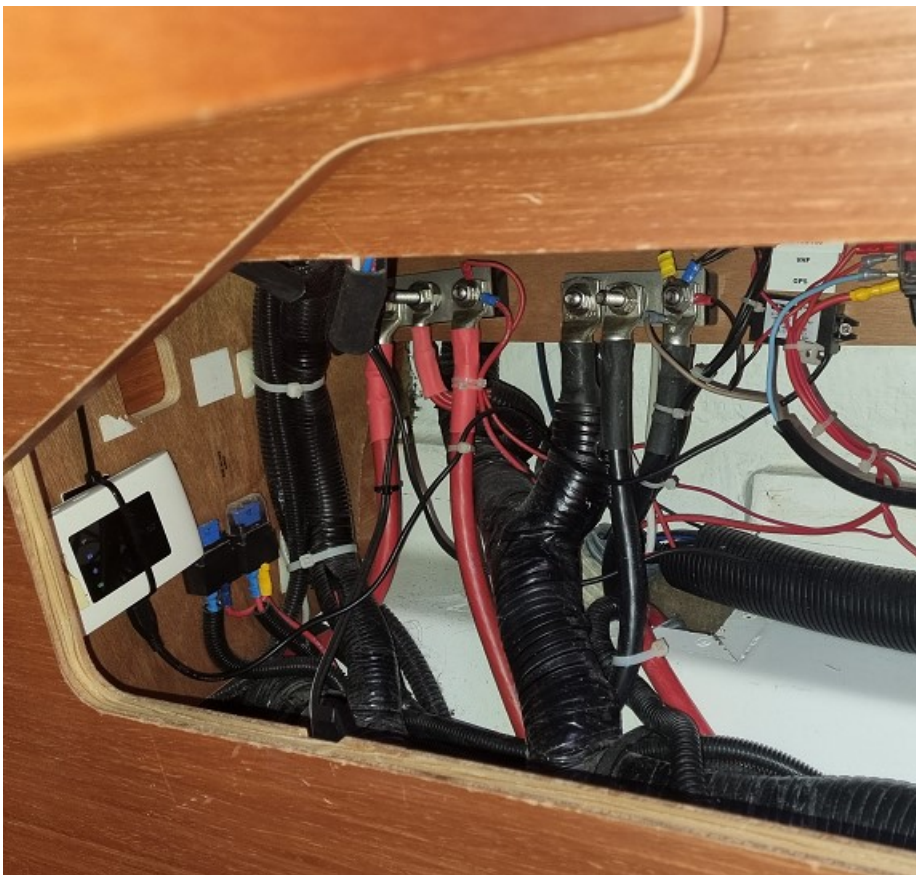

Yacht is equipped with retractable transom (bathing platform) .There is a swim ladder. While under sail, the transom should remain closed and secure. After you have gotten to your anchorage feel free to deploy the transom for easy access to your dinghy, swimming or snorkeling.

Attention:Keep the platform closed while sailing, as well as in the anchor, when a high wave hits the platform. Otherwise, the platform will be damage.

31. WIFI access

Mobile access point must always be included in electricity for internet access located behind the wall of skipper seats

Use the net name and passport specified in boat documents.
