

### **32. Risk of damage**

**! Always keep close the hatch windows shown below to avoid damage of hatches by ropes of Genoa and boom.**

**KEEP CLOSE DURING THE SAILING**

**! In reverse gear when the yacht is going astern, with the propeller "walking" the stern to starboard (right side).**

**! Due to the overload of coastal sea , please book in advance Marinas, Restaurants and buoys berthing for your restful sleep on the yachts:**

- a. <https://my-sea.com/en>
- b. <https://book.aci-club.hr/>

**! Check daily forecast on:**

-<http://meteo.hr>
