

18. Swim Ladder and bathing platform

Yacht is equipped with manual lift-on/out transom (bathing platform) that also usage as a transom/helm when the transom is closed. There is a removable swim ladder that is stowed in the cockpit locker. While under sail, the transom should remain closed and secure. After you have gotten to your anchorage feel free to deploy the transom for easy access to your dinghy, swimming or snorkeling. There is a lanyard attached to the swim ladder that enables you to secure the ladder while in use.

Holes for ladder positioning

Always use the safety lanyard while using the swim ladder to prevent losing the ladder overboard.

Attention: Keep the platform closed while sailing, as well as in the anchor, when a high wave hits the platform. Otherwise, the platform would be damaged. Only two people on platform is acceptable.
